# ROLLING SHUTTER

## MOTORISED ROLLING SHUTTER

Perfect for Industrial warehouse and commercial storefronts. Our motorised shutters provide ease of operation with robust security

### Key features:

- ✓ Remote Control Operation
- ✓ Manual Override Chain
- ✓ Wind Lock System
- ✓ Noise Reduction System

## GI ROLLING SHUTTER

Premium quality GI Rolling Shutter designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## DOUBLE WALL ROLLING SHUTTER

Premium quality Double Wall Rolling Shutter designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## ALUMINIUM ROLLING SHUTTER

Premium quality Aluminium Rolling Shutter designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## PUFF INSULATED ROLLING SHUTTER

Premium quality Puff Insulated Rolling Shutter designed for maximum security and durability. Ideal for industrial and commercial applications.

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## FIRE RATED ROLLING SHUTTER

Premium quality Fire Rated Rolling SHUTTER designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## MS ROLLING SHUTTERS

Premium quality MS Rolling Shutter designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## FIRE RATED DOORS

Premium quality Fire Rated Doors designed for maximum security and durability. Ideal for industrial and commercial application

### Key features:

- ✓ High Durability
- ✓ Custom Sizes Available
- ✓ Low Maintenance
- ✓ Weather Resistant

## HIGH SPEED ROLLING SHUTTER

our High Speed Rolling Shutters are designed to optimize workflow, providing rapid access while maintaining the internal environment of your facility. These shutter offer a seamless, automated solution for businesses thar prioritize efficiency and safety

### Key features:

- ✓ Ultra-Fast Cycles: Opens and closes in seconds to maintain seamless traffic flow.
- ✓ Automatic Operation: Radar and motion sensors enables hands-free, high speed access

- ✓ Self Repairing System: Automotocally resets into the tracks if accidentally dislodged by a vehicle

# Sliding Gates

## SWING GATES

Advanced Swing Gates offering seamless operation and robust protection. Engineered for smooth performance

**Key features:**

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

## TRACKLESS DOOR

Advanced Trackless Door offering seamless operation and robust protection. Engineered for smooth performance

**Key features:**

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

# SLIDING GATES

## MOTORISED SLIDING GATE

Advanced Motorised Sliding Gates offering seamless operation and robust protection. Engineered for smooth performance

### Key features:

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

## CANTILEVER SLIDING GATES

Advanced Cantilever Sliding Gates offering seamless operation and robust protection. Engineered for smooth performance

### Key features:

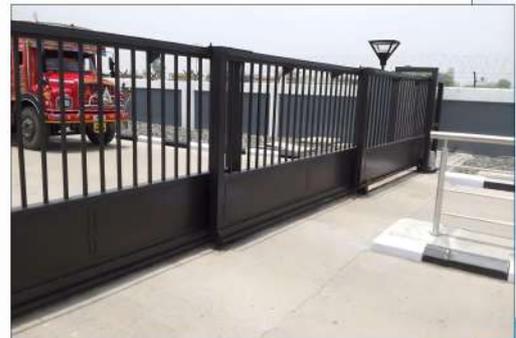

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

## TELESCOPIC SLIDING GATE

Advanced Telescopic Sliding Gates offering seamless operation and robust protection. Engineered for smooth performance

### Key features:

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

## SLIDING FOLDING GATE

Advanced Telescopic sliding Gates offering seamless operation and robust protection. Engineered for smooth performance

### Key features:

- ✓ Smooth Operation
- ✓ Remote Control Compatible
- ✓ Heavy Duty Construction
- ✓ Modern Design

# Motors

## SLIDING GATE MOTOR

Sliding Gate Motor is a high-performance motor designed for smooth and reliable automation of sliding gates. Ideal for residential, commercial, and industrial use, it ensures silent operation, enhanced security, and effortless access through remote or smart controls. It is built for durability and consistent performance in all weather conditions.

## TUBULAR MOTOR

Tubular Motor is a compact and efficient motor designed for automating rolling shutters, blinds, and curtains. Installed inside the shaft for a clean look, it ensures smooth, silent operation and reliable performance. Ideal for residential and commercial applications, offering easy control, durability, and long-lasting efficiency.

# SWING GATE MOTOR

Swing Gate Motor an automated solution for smooth and secure opening of swing gates. Designed for residential and commercial use, it offers silent operation, enhanced security, and convenient access through remote or smart controls. Suitable for single and double swing gates with reliable performance in all weather conditions.

# CENTRE MOTORS

Swing Gate Motor an automated solution for smooth and secure opening of swing gates. Designed for residential and commercial use, it offers silent operation, enhanced security, and convenient access through remote or smart controls. Suitable for single and double swing gates with reliable performance in all weather conditions.

# SWING GATE ROLLER MOTOR

Swing Gate Roller Motor a robust motor designed for smooth and efficient automation of swing gates using a roller-based mechanism. It ensures stable movement, reduced wear, and long-lasting performance. Ideal for residential and commercial applications, offering silent operation, enhanced security, and compatibility with remote and smart control systems.

# RIDDHI SIDDHI ROLLING SHUTTERS

Leader in Entrance Automation since 2009
